

## BOARD OPERATIONAL GOALS

The Board of Education believes that the major responsibility of the Plattsburgh City Schools is to provide a program that helps prepare the individual for life now and in the future.

In order to ensure that its operations support the schools in providing all students with a high-quality education, the Board hereby commits

1. to work closely with the community to ensure that Board actions and performance take into consideration the concerns and aspirations of the community;
2. to identify the educational and technological needs of the community and industry, and to transform such needs into programs aimed at stimulating students and preparing them for future careers;
3. to employ a Superintendent of Schools capable of ensuring that the district maintains its position as an outstanding school system, and that school personnel carry out the policies of the Board with energy and dedication;
4. to provide leadership in order that goals and objectives of the district, as set forth by the Board, can be effectively carried out. Board action should be confined to policy-making, planning and appraisal with the Board delegating authority to the Superintendent for the implementation of policies; and
5. to evaluate the Board's performance in relation to these goals, and to establish and clarify policies based upon the results of such evaluation.
