

Plattsburgh City School District Pre-K Program Offerings:

Plattsburgh City School District will offer free full day and half-day AM/PM Pre-K programs to district residents for the 2019-2020 school year. At this time, the following options will be available through the lottery process:

- Full Day Program (8:20-2:20) at Momot Elementary (18 students)
- Half-Day AM Program (8:30-11:00) at Bailey Avenue (18 students)
- Half-Day PM Program (12:00-2:30) at Bailey Avenue (18 students)

Eligible students must be four (4) years old on or before December 1st of the year in which they are enrolled in pre-K.

The district anticipates interest in UPK programming will exceed capacity. If this is the case, a lottery process will be used to determine assignment.

The lottery will take place on Tuesday May 21st. Once students are randomly selected, families will receive a confirmation letter along with detailed information for their Pre-K placement.

Parents of selected students will need to confirm registration and acceptance into program by returning the acceptance form to the District Office Building at 49 Broad Street before noon on Friday, June 14th.

If your child receives an acceptance letter, the acceptance form must be returned by the deadline, confirming your child is officially registered for Pre-K. **If you do not provide a signed acceptance notice to the District Office building at 49 Broad Street by the deadline, your child's spot will be given to another child from the waiting list.**

After the acceptance date, any remaining slots will be filled in the order they were drawn in the lottery.

If your child receives a waiting-list letter, notification will occur if a slot becomes available.
