A Day

1. Important Reminders!!

Wash hands often with soap and water, for at least 20 seconds

If soap and water are not available use hand sanitizers

Cough or sneeze into a tissue, not your hands

Avoid touching your eyes, nose and mouth

Don't share drinks or foods with others

Locker Announcement! Students should have received a pink schedule with their locker number on it in homeroom today. Lockers are ONLY to be used to put their coats, boots, and extra bag used for sports. Students will ONLY be allowed to go to their lockers when they arrive to school and when they leave. You will still have to carry your backpacks, books, and lunch bags. You will not be allowed to go to your lockers in between classes.

Attention to all students, on days when you are remote!! When you sign on for online instruction on Monday, you will need to go to your email and find a link to an Attendance Form. Click on the link and fill out the form with your first name, last name and that you are in attendance today. You will then submit the form. You will have to do this every day that you have online instruction to be marked present for the day. (Just like checking into homeroom) This form needs to be completed and submitted between 8:00-9:30 a.m. so you are not marked absent!!
