

EARLY GRADUATION

In certain instances, if a student has completed the requirements for graduation in less than 8 semesters he/she may be allowed to graduate ahead of schedule. In considering individual requests, attention shall be given to the student's grades, performance in school, his/her plans for the future, and what benefits would accrue to the student if his/her request for early graduation were to be approved. The final decision on whether to grant permission is made by the Building Principal, after consultation with the individual student's counselor, the student and his/her parents.

Adoption date: March 23, 2006
