

SIP Meeting January 7, 2019

Members Present -

Jamie LaBarge
Trevor Cameron
Aimee McLane
Gabe Girard
Carol Passno

Jackie Germain
Todd Bailey
Andrya Heller
Andrew Ducharme

1. Student Council Concerns:

- a. **Students request that water, in addition to milk, be offered as a drink option for lunch.**
Government subsidies are a factor. Mr. LaBarge will speak to cafeteria staff about possibilities.
- b. **Bathroom stalls in E-hallway** are either frequently out of order or the stall door does not have a working lock. Mr. LaBarge will submit a work order to fix these issues.

- ## 2. Communication between Guidance Office and Teachers:
- Teachers would like counselors to share any significant concerns about students in an effort to better serve those students facing understandably difficult situations outside of school, and so appropriate academic expectations can be put in place. Guidance counselors will try their best to communicate concerns with teachers to the extent they are able given their privacy/confidentiality parameters.

- ## 3. New Club Interest:
- Mr. Given would like to reinstate the Gaming/Magic Club. New club applications will be accepted in the fall of 2019.

- ## 4. Sleep Concerns:
- Teachers have noticed a significant increase in student fatigue, and frequent statements by students about going to bed at 1:00 a.m. and often later during the week. Mr. LaBarge will put pediatric sleep recommendations and parent tips in his next News and Notes letter.

Meeting adjourned at 3:20 p.m.

Next Meeting: February 4th. If you have any concerns or topics that need to be addressed at a SIP meeting please inform Ms. McLane by 12 pm on the day before the next meeting.
