PRESS RELEASE

Phase I of the Plattsburgh City School District capital project is substantially complete, and contractors have returned most of the renovated facilities to district control. As such, the Plattsburgh High School track, soccer/football field, softball field, and baseball field are now open for public use. Individual users are welcome to access these facilities at their convenience, but are requested to refrain from using any metal-spiked footwear. Community groups/teams interested in reserving these facilities should contact district personnel to discuss the facilities use agreement and rates, required proof of insurance, etc.. Work continues on the tennis courts and new utility grass field, and these will be made available for public use upon substantial completion.

MISSION

Our mission is to educate each student of the Plattsburgh City School District by creating challenging, supportive, and interactive learning that advances intellectual, physical, social, and cultural development.
